Diagram showing the fingering for the note e' (E4) on the euphonium. The note is shown on a bass clef staff. Below the staff, four valves are illustrated: the first valve is pressed down, and the other three are up.

Diagram showing the fingering for the note f' (F4) on the euphonium. The note is shown on a bass clef staff. Below the staff, three valves are illustrated: the first, second, and third valves are pressed down, and the fourth is up.

Diagram showing the fingering for the notes f#1 (F#4) and g \flat 1 (G \flat 4) on the euphonium. The notes are shown on a bass clef staff. Below the staff, three valves are illustrated: the first, second, and third valves are pressed down, and the fourth is up.

Diagram showing the fingering for the note g \flat 1 (G \flat 4) on the euphonium. The note is shown on a bass clef staff. Below the staff, three valves are illustrated: the first, second, and third valves are pressed down, and the fourth is up.

Diagram showing the fingering for the notes g \sharp 1 (G \sharp 4) and a \flat 1 (A \flat 4) on the euphonium. The notes are shown on a bass clef staff. Below the staff, three valves are illustrated: the first, second, and third valves are pressed down, and the fourth is up. The text "alternatief greep" (alternative fingering) is written in red above the valves.

Diagram showing the fingering for the note a' (A4) on the euphonium. The note is shown on a bass clef staff. Below the staff, four valves are illustrated: the first, second, and third valves are up, and the fourth valve is pressed down.

Diagram showing the fingering for the notes a \sharp 1 (A \sharp 4) and b \flat 1 (B \flat 4) on the euphonium. The notes are shown on a bass clef staff. Below the staff, three valves are illustrated: the first, second, and third valves are pressed down, and the fourth is up.
